EXPLANATORY—SCHEDULE C (PARTS I, II, AND III)

Columns (d) through (h). These columns shall contain the pro forma year data.

The data reported in column (d) shall be the base year actual (column (c)) restated to reflect conditions (wage, price, and productivity, etc.) prevailing on or near the effective date of the proposed increase. Revenues in column (d) shall be based on fares and charges which are currently in effect.

The data reported in column (e) shall also be the base year actual (column (c)) restated to reflect conditions (wage, price, and productivity, etc.) prevailing on or near the effective date of the proposed increase. Unlike column (d), however, revenues in column (e) shall be based on the proposed fares and charges.

The data reported in column (f) shall also be the base year actual (column (c)) restated to reflect conditions (wage, price, and productivity, etc.) prevailing on or near the effective date of the proposed increase plus al-

lowable foreseeable future costs. Revenues shall be based on the proposed fares and charges.

The data reported in columns (g) and (h) shall be based on what the system revenue needs of the study carriers should be at a given time, including the constructed projected and future operating expenses and the constructed "sum of money" above these expenses. The constructed "sum of money" should be supported by evidence that it is a just and reasonable amount and is that needed to attract debt and equity capital and to insure financial stability and the capacity to render service. Such evidence should include an analysis of the adequacy of the carriers' earnings, the carriers' cost of debt and equity capital, the various kinds of risk attending their operations and the financing thereof, and the carriers' ongoing needs for working capital, new equipment and facilities.

EXPLANATORY—SCHEDULE D (PART I)

Purpose. The purpose of Schedule D (Part I) is to ascertain the financial posture of Greyhound Lines, Inc. and all the study carrier carriers by an analysis of certain key financial data, with a view to determining revenue needs.

Study Carrier Groupings. Schedule D (Part I) shall be prepared on the following two bases:

1. Greyhound Lines, Inc.
 2. Trailways Combined (study carriers, only)
 3. All Study Carriers
- Column (b).** The annual report sources in this column refer to the 1976 Annual Report Form MP-1. For years prior or subsequent to 1976, use comparable sources.
- Column (c).** If the fare/charge increase is filed during the first six months of the calendar year, the data reported in column (c) shall be based on the 3rd calendar year preceding the filing year. For example, if the rate increase is filed on May 15, 1977, column (c) shall report data for calendar year 1974.

If the fare/charge increase is filed during the last six months of the calendar year, the

data reported in column (c) shall be based on the 2nd calendar year preceding the filing year. For example, if the rate increase is filed on Nov. 15, 1977, column (c) should report data for calendar year 1975.

Column (d). If the fare/charge increase is filed during the first six months of the calendar year, the data reported in column (d) should be based on the 2nd calendar year preceding the filing year. For example, if the rate increase is filed on May 15, 1977, column (d) should report data for calendar year 1975.

If the rate increase is filed during the last six months of the calendar year, the data reported in column (d) shall be based on the 1st calendar year preceding the filing year. If, for example, the fare/charge increase is filed on November 15, 1977, column (d) should report data for calendar year 1976.

Column (e). Data to be reported in this column for the base year actual shall be based on the 4-quarter calendar year periods identified below:

Pt. 1139, Subpt. B, Sch. E

Filing month of verified statement	Four-quarter calendar year period ending
January	Sept. 30, preceding year.
February	Do.
March	Do.
April	Dec. 31, preceding year.
May	Do.
June	Do.
July	Mar. 31, filing-month year.
August	Do.
September ..	Do.
October	June 30, filing-month year.
November ..	Do.
December ...	Do.

The 4-quarter calendar year periods identified above represent the minimum requirement. However, in event a proposed fare/charge increase is filed at a time when data for a more current quarter than that specified are obtainable, the more current quarter may be used in the base year-actual. For example, if an increase is filed in late March and data for the 4th quarter of the preceding year is obtainable, the base year-actual ending December 31, may be used in lieu of the base year-actual ending September 30.
